

Cultural Competency Resource Information

Free Cultural Competency Contact Hours

As part of our cultural competency program, we encourage our providers to access information on the Office of Minority Health's web-based [A Physician's Guide to Culturally Competent Care](#). The American Medical Association, American Academy of Family Physicians and the American College of Physicians endorse this program, which provides up to 9.0 hours of category 1 AMA credits at no cost. This program is also approved for 9.0 contact hours of continuing education by the American Academy of Nurse Practitioners at no cost.

Presentations

We also suggest our providers explore this collection of recorded presentations on various topics related to culturally and linguistically appropriate services (CLAS) and the National CLAS Standards.
