

Important Information about Prior Authorization and Concurrent Review for ECT and IOP for Harvard Pilgrim Health Care

Beginning 9/1/2022, HPHC will no longer require prior authorization or concurrent review for Electroconvulsive Therapy (ECT) and Intensive Outpatient (IOP) services for only commercial lines of business, regardless of funding type.

Note: These terms apply to in-network (INN) coverage. For Out-of-Network (OON), please check member benefits. Prior Authorization may be required if the member does not have OON benefits and/or if an accommodation is being requested.

The chart below calls out the codes that no longer require prior authorization and concurrent review.

ECT	IOP
<p>No prior authorization, no notification, and no concurrent review for commercial lines of business:</p> <ul style="list-style-type: none">• 90870 - Electroconvulsive therapy (includes necessary monitoring)• Rev 901 – Electroshock treatment	<p>No prior authorization, no notification, and no concurrent review for commercial lines of business:</p> <ul style="list-style-type: none">• H0015 - Alcohol and/or drug services; intensive outpatient (treatment program that operates at least 3 hours/day and at least 3 days/week and is based on an individualized treatment plan), including assessment, counseling; crisis intervention, and activity therapies or education• Rev 905 - Intensive Outpatient Services – Psychiatric• Rev 906 - Intensive Outpatient Services – Chemical• S9480 – IOP Psychiatric services per diem
